Day 2 – Prayer Mountain Trekking – Pa'Umor – Batu Narit [Breakfast/Lunch/Dinner]

Early morning light breakfast will be served before we our trek up to the Prayer Mountain. The elevation of the Prayer Mountain is approximately 1,430metres above sea level and the height of the hike from the trails head is about 340metres. Easy trek up remained easy until about 300metres before the summit, where the challenge began. The slope was steep and ropes were provided to help hikers. At the summit was a tall cross at least 15 metres tall. The cross erected in 2015 to replace an old and small wooden cross. Magnificent view awaits you.

Return to the Lodge and rest. Lunch will be served.

After lunch, transfer by 4WD to Pa Umor, another Kelabit Longhouse and stop at Gems Lodge for refreshment. Stop at Batu Narit (StoneCarvings). Locals claim that this is actually a burial ground for a kelabit nobleman named Ritong hundreds years ago. The man made structures or carvings are called Megaliths, which date back thousand of years. The site was excavated in 1962 by British soldier Tom Harrison, one of the most popular megaliths.
