Langkawi lowland rainforest contains numerous specialized and endemic floras and fauna that can be found nowhere else in the world. Within these unique habitats, a fragile world of interdependence has evolved.

Langkawi is a great destination to explore the diverse flora and fauna and walk through Langkawi's Rainforest. Along the two-hour trail, our guide will introduce several herbs and plant with the medicinal property that has been used by natives as a treatment for illnesses and as a health supplement.

Available: Daily

Time: 9.00am – 11.00am Duration

- 2 hours walking approximately
- 8.50am – Meet up at the location
- 9.00am – Tour start at the trail and we begin trekking through the rainforest. Our nature guide will narrate to you and explain on medicinal plants and wildlife we might encounter during the trekking
- 11.00am – Tour End
