Board the Explorer Boat at Kubang Badak Jetty, for an immersive journey along the coastal river, exploring the diverse mangrove forest shaped by the ebb and flow of tides. Keep your eyes peeled for sightings of the White-bellied Sea Eagles, Brahminy Kites, Kingfishers, Herons, Mudskippers, Fiddler Crabs, Monitor Lizards, and, if fortunate, the resident otter family.

Our first stop takes us to an Ancient Charcoal Kiln, followed by a visit to Pinang Cave-an ancient sea cave formed when the sea level was 25 meters higher than its present state.

Next, we set course for Pulau Dangli, a secluded island teeming with vibrant aquatic life and coral reefs. Revel in leisurely snorkeling amidst the resident Sergeant Major fishes. If conditions align, a neap tide might offer a glimpse of more fishes and the mesmerizing coral reef.
